

WOMEN'S SUMMIT II

...it's about us

Recent statistics show the fastest growing population affected by HIV/AIDS is women. This summit is about us and for us. It promises to be an empowering opportunity to support women in living complete, full, and healthy lives.

So that women might have an opportunity to fortify and protect themselves with information, the following is a sampling of a few of the topics to be addressed during this significant event.

I. Health Issues that affect all women

- Women Over 50 and the Risks We Take
- Adolescent Girls and Older Men
- HIV/AIDS and the Professional Woman

II. Socio-psychological Issues that affect women

- Men (and Women) on the Down Low
- Domestic Abuse and HIV
- Substance Abuse and HIV
- Transgender Women

III. Issues that effect employment and community

- Female Ex-offenders Returning to the Community
- Accessing District Agencies
- Housing

Special Features include:

- Child Care
- Film Festival
- Art Demonstration
- Exhibits
